

Welcome 2022 Seniors!

Please carefully read all information, here and in our brochure, and share with your parent/guardian.

**Your senior formal appointment will be:**

If this appointment fits your schedule, please put this date and time as a reminder in **BOTH** yours, and your parents/guardian's phone. If you need to reschedule your appointment, please call our studio IMMEDIATELY. Our studio landline is 424-5486.

This is Cook's Photography's fifth year in assisting the students to meet the district requirements of formal attire for their yearbook photograph. All photos taken for the yearbook will be taken indoors, at our studio, and are FREE of charge. Students will be selecting their yearbook image on this day.

Due to COVID-19, our studio has these guidelines.

- Please be on time. Come only on the time designated as we can only have a limited number of people in our studio at one time.
- Only the student and **ONE** other guest per appointment. The guest is to accompany the student if adjustment to apparel or hair is needed, as the photographer will maintain distance throughout the appointment.
- Masks **MUST** be worn per county health guidelines by student and guest, with mask only being removed by student when they are being photographed. Even with mask restrictions being loosened for those that have been vaccinated, due to our small quarters and lower ventilation we ask that all wear a mask. Thank you for your compliance, it is our wish to keep everyone safe.
- Dressing room will be available. We are however, limiting access throughout our studio. Therefore, there will be NO public restroom.
- If you do not have solid black apparel to wear to your session, we can provide sanitized apparel upon request.

While the session itself is free, students will have the opportunity to take advantage of special "**FLASH SALE**" pricing should you want to order one or more copies of the image. As stated in the brochure (red outlined box on the left side) **FLASH SALE** prices are only applicable when ordered on the day of the session.

Also on that day, there will be deep discounts off future upgrade sessions (i.e. Toro Park, beach, garden...etc). These sessions are for personal use **ONLY**, as the yearbook must be indoor, black attire.

Be aware...Downtown Salinas looks different than before as it has less street parking. You may experience parking delays. If there is no parking in front, the lot directly behind our studio, has ample parking. The lot is on the corner of Alisal and Monterey streets. You may park there and pass through the "OFF MAIN" mall/ pass through. We have also been given permission for you to pass through the "Kerry's Co-op Chicks" (formerly Downtown Gift Shops) to reach our storefront located at 353 Main Street.

Again, due to COVID-19, our appointments are spaced out more than in previous years. Therefore, it is important that you make the appointment date and time OR communicate

with us immediately if unable to keep the presented date. Thanks, we look forward to seeing you. 831-424-5486
