2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

The Salinas Union High School District (SUHSD) is continually in the process of creating systematic interventions for all students through our work in Professional Learning Communities. The district consists of four comprehensive high schools, four middle schools, one independent study school, one alternative high school, ROP Center and an Adult School. The district enrollment is just over 15,000 students with 69% of the students qualifying for Free and Reduced Lunch and 25% English Learners. Our Foster Youth enrollment fluctuates between 44 and 50 students district-wide. Given our subgroups and student achievement data, schools have interventions during the school day, inter-sessions, and Saturday academies to ensure that immediate support is given to students as needed. SUHSD is committed to providing opportunities for all employees to participate in professional development opportunities designed to ensure that all staff acquires the knowledge and skills necessary to provide students with the opportunity to meet challenging state/district standards for student achievement. The professional development is to establish and support an ongoing, systematic program of instructional aligned improvement that will provide long-term benefits to all students as life-long learners. District PD activities are closely connected to student achievement data.

Currently, this data is obtained from performance-based assessments, norm-referenced tests, criterion-referenced test, authentic assessments and standards-based assessments. In addition, data about the effectiveness of instructional practices is collected from WASC/Program Review Reports, School Site Councils, DELAC reports, and professional development committees. Based on these student assessments and findings, the District determines areas of focus for professional development.

The Salinas Union High School District actively seeks the support of community agencies to assist students and address their needs. In collaboration with community agencies, the nurse, Health technicians, and community liaisons provide health and social services to all students. Health technicians ensure that students are up to date with immunizations and health records prior to school enrollment, screen all middle school students, 10th graders, and students with IEPs for vision, hearing, and scoliosis. SUHSD also has a partnership with Harmony at Home, Monterey County Behavioral Health, and other agencies to provide mental health services.

The district adopted the Parent Involvement Policy that includes the following required components: involving parents as partners in school governance, establishing effective communication that respects the diversity of our community, developing strategies that promote active parent participation in their children's education, providing support and coordination for parents and school personnel to form and sustain partnerships and connect students and their families with community resources in order to provide educational enrichment and support.

The SUHSD makes ongoing efforts to promote educational opportunities for parents. Community liaisons at each site provide outreach services to the parent community. The community liaison performs a multitude of tasks whose ultimate goal is to connect families with the school and community resources. Weekly meetings are held by the community liaisons to inform the parents of topics related to parenting, community services, educational information and provide contact with site administrators as well as general information pertinent to their respective school.

In addition, the district encourages parents to participate in programs and services that build capacity and promote parental involvement such as an annual district-wide parent conference (focusing on education, parenting, and health), Positive Parenting Program, Strengthening Families Programs, and weekly site meetings. Parents are encouraged and recruited to participate in school leadership roles such as School Site Council and the English Learner Advisory Council. Migrant parents have been involved in training on the Local Control Funding Formula and provide input to the Local Control Accountability Plan.

Teachers who provide instruction to the District's EL student population are required to have state certification to work with these students. Teachers use scientifically based research strategies to improve academic achievement in reading/language arts such as SDAIE, Brick and Mortar Words-Building Academic Language, Bloom's Taxonomy, frequent assessment, and Marzano strategies. Additionally, all teachers are trained in Constructing Meaning (CM) and Gradual Release of Responsibility (GRR) with the opportunity to participate in one-on-one coaching or a cohort coaching model.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

There are several key highlights in this year's LCAP that include an increase in student support services, safety training, recruitment strategies, and professional development for all staff. Student support services include an increase in our mental health services to ensure that we meet the needs of our students, specifically our subgroups including Foster Youth, Youth in Transition and LGBTQ youth. Further, the district is partnering with College Board to give our 8th, 10th, and 11th grade SED, FY, and EL students the opportunity to take the PSAT in preparation for their success on the SAT. We will continue with our A.L.I.C.E. training for all of our staff and partnering agencies, students and parents. In order to recruit highly qualified teachers in the era of this teacher shortage, we are offering hiring bonuses for core content area teachers. Further, we are providing innovation grants for our current teachers to inspire and support them as they try research-based instructional strategies. We will provide coaching and support for our new and experienced administrators as they continue to refine their practice. Professional development highlights include cultural competencies and strategies that help Foster and LGBTQ-inclusive school environments that are free from harassment and discrimination and training on the expanded content in the History and Social Science Framework. Our classified staff will all participate in at least one form of professional development this year that is inclusive of our instructional initiatives.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

The SUHSD has seen strong gains in multiple areas over the past few years. Graduation rates have steadily increased and are currently over 90% at all of the comprehensive high schools. English learners continue to make progress in English as measured by the CELDT, and the numbers reclassifying to fluent English proficient are subsequently increasing. In 2016, over 50% of 11th graders met or exceeded standards on the Smarter Balanced English Language Arts Assessment; as compared to, the last state STAR assessment, only 37% of 11th graders scored proficient or advanced. Our 11th-grade students saw a 10% nominal gain-16% to 26%- in the percentage of students meeting or exceeding standards from 2015 to 2016 in math. While graduation rates, the percentage of students attaining English fluency, and state assessment results have risen, the suspension rates across our schools continue to fall to commendable levels.

The positive results the SUHSD is exhibiting can be attributed to a number of factors that are contained in the

district's LCAP. The district has focused over these past few years on systematically monitoring, identifying, and providing academic supports for struggling students. Some of these services include after school tutorials, Saturday school, and winter and spring intersessions. To coordinate these services the district provides sites with intervention and English learner specialists, and resources for supporting effective site intervention teams. These resources are designated for buses for the after-hours tutorials, credit recovery classes, materials to support the classes, and positive incentives, such as field trips. The district also focuses on effective first-time instruction by providing systematic and comprehensive professional development on best instructional practices that support students with diverse needs. Some examples include Gradual Release of Responsibility, Constructing Meaning, and site and district curriculum and technology coaches. The emphasis on academic achievement is built on the foundation of Professional Learning Communities (PLC). For over ten years, the district has trained the staff on effective PLCs and sites have had time built into the school day to collaborate on student learning and share best practices. The district recognizes that academic achievement cannot be attained without also focusing on the social/emotional needs of our students. For the past few years, the district has implemented the nationally recognized Positive Behavioral Interventions and Supports (PBIS) program. LCFF funds have been allocated to support PBIS training, additional counselors and behavior specialists, and structures for PBIS intervention teams.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Based on the CA Accountability Dashboard and more recent data, the district has identified several areas of greatest need. While scores have increased, especially for grade 11, from 2015 to 2016, the math performance level remains low. There is also a significant difference between the high school performance on the SBAC English Assessment and the middle school results. Although graduation rates at the comprehensive high schools are high, the A to G completion rates- in 2016, 36.5%- are significantly lower than the overall graduation rate- in 2016, 84.6%. Finally, the SUHSD has seen a reduction of almost 50% in the number of students completing CTE pathways. Some other areas that we will be focusing on in the next two years are implementing the new ELD and NGSS standards. In order to address these areas, the district's LCAP plan contains numerous actions. In order to improve math achievement, the district has partnered with the Silicon Valley Math Initiative to provide professional development in effective math instruction and assessment. New reporting tools will be used to monitor the A to G status of students throughout the year. Students falling behind in A to G credits will participate in credit recovery sessions that may include the use of online learning. New reporting tools will be developed and employed to better monitor CTE completion status, and the district CTE coordinator will work with school sites to ensure CTE pathways are expanded. District teacher leaders will be providing professional development and training on the newly adopted ELA and ELD curriculum. In science, district teachers will be working to develop the first integrated science course and provide training for NGSS standards. Finally, to increase stakeholder engagement, the district will increase the development, use, and analysis of survey data.

GREATEST NEEDS

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

In the initial release of the Dashboard, English learners, students with disabilities, African-American students, and white students had indicators two or more performance levels below the “all student” performance. Although this initial release of the suspension data consists of data from two years ago, based on the district’s monitoring of current data, the trends are similar. Specifically, English learners, students with disabilities, and African Americans were suspended at higher rates than the overall population. The LCAP contains several provisions to address this. For example, PBIS teams consisting of counselors, behavior specialists, teachers, administration, and classified staff meet regularly to review discipline data, and design and implement targeted interventions to address the issues. Although graduation rates were at commendable levels for the initial release of the Dashboard, students with disabilities were disproportionately lagging behind the overall student population; there is an indication that this trend continues at the current time. To address this issue and others related to students with disabilities, this year’s LCAP contains provisions to restructure the District Student Support Services department to better meet the needs of these students. For example, the district is staffing two instructional coaches to work with teachers who teach Mild/Mod and Mod/Severe students and support the transition to full inclusion. In addition to the graduation rates, students with disabilities, along with English learners and white students, are lagging behind in ELA and Math performance at the middle school level. The LCAP contains actions that were described in the previous section to address the academic performance of these subgroups.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Addressed in the previous sections.

BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures for LCAP Year	\$190,076,250
Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year	\$133,700,028.00

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

General fund budget expenditures not included in the LCAP include all restricted categorical programs, such as Special Education, Title I, Title II, Title III, Migrant Education, Transitions Partnership Program, Vocational Education Program, After School Education and Safety, Adults in Correctional Facilities, Prop 39 Clean Energy Grant, Educators Effectiveness Grant, Career Technical Education Incentive Grant, Agricultural Vocational Incentive, Partnership Academy, College Readiness Block Grant, Local Programs, Regional Occupational Programs, Lottery (Instructional), Extended Learning, and Restricted Routine Maintenance. Also not included is the budget for Special Reserve Projects.

ANNUAL MEASURABLE OUTCOMES

EXPECTED

1. Increase middle school promotion rates from 89% to 93%
2. Increase the percentage and number of students enrolled in Read 180/System 44 that increase their grade level reading by 150 Lexile points as measured by the Reading Inventory Test.
3. Increase percentage of students at or near standards in mathematics by 5% as measured by the SBAC results.
4. Increase the percentage of students at or near standards in ELA/Literacy by 5% as measured by the SBAC results.
5. Increase the number of 9th grade students on track for graduation by 10%
6. Increase enrollment percentage of AP students from 27.7% to 35%
7. Increase the completion rates of CTE pathways and number of certifications by 10 percent from 30% to 40%
8. Increase students passing AP test from 66% to 71%.
9. Increase percent of 4-Year Cohort that completed A-G completion rates from 34.2% to 40%
10. Increase graduation rates from 84.5% to 87%.
11. Increase teacher and student usage of educational technology by 10% based on the bright byte survey
El Puente School:
12. Increase percentage of students who earn 60 credits per year by 25%
13. Increase the percentage of seniors who begin the school year at EPS and receive a HS diploma or equivalency by 50%
14. 100% of seniors will be pre-registered for community college and/or CTE courses

ACTUAL

1. Current 2016-17 promotion rates are not yet available. However, AY 2015 promotion rate was 89%, which was a 1% increase from AY 2014 . These are self-reported.
2. In 2016-17, 86 students in Read 180/System 44 raised their Lexile points by 150 or more. This represents a 3.4% decrease from the previous year.
3. Current 2016-17 data is not yet available. Last year, the percent of students meeting or exceeding standards in math was 22%.
4. Current 2016-17 data is not yet available. Last year, the percent of students meeting or exceeding standards in ELA was 39%.
5. Current 2016-17 data is not yet available. 63.5% of the 2015-16 9th grade class earned 60 or more credits.
6. 2015-16 The percent of students enrolled in at least 1 AP class was 13.1%. In 2016-17 17.4% of the students at the comprehensive high schools were enrolled in at least 1 AP class in October of 2017.
7. Current 2016-17 data is not yet available. The number of CTE completers in 2015-16 was 410 students.
8. Current 2016-17 data is not yet available. The 2015-2016 AP passage rate was 54.6%
9. Current 2016-17 data is not yet available. The 2015-16 A to G passage rate was 36.5%
10. Current 2016-17 data is not yet available. The 2015-16 graduation rate was 84.6%
11. In December of 2015, teachers reported that 20% of their students use technology daily, 24% weekly, 18% monthly, 17% every few months, and 21% said never. In that same month, 47% of students stated that they use computers daily, 27% weekly, 8% monthly, 8% every few months, and 11% never. In the spring of

Mt. Toro High School:
 15. Increase the percentage of 10-11 grade students who earn 100 credits per year by 70%.
 16. Increase the percentage of seniors who begin the school year at MTHS and graduate by 100%.
 17. 100% of seniors be pre-registered for community college and/or CTE courses

2017, 70% of students reported using technology daily, 21% weekly, and 3% reported each for monthly, every few months, and never. For teachers 50% reported daily use, 30% weekly, 9% monthly, 5% every few months, and 6% never.

El Puente School.
 12. Current 2016-17 data is not yet available. In 2015-16, 13 out of 513 students earned 60 credits or more.
 13. Current 2016-17 data is not currently available. During the 2015-16 AY, EPS had 44 diploma graduates and 117 HiSET completers.
 14. Data is not currently available.

Mt. Toro Data
 15. Current 2016-17 data is not yet available. In 205-16, 44 students earned 50 or more credits.
 16. Current 2016-17 data is not yet available.
 17. Current 2016-17 data is not yet available.

 19. Counselors and Interventions Specialists will collaborate to determine students who are not on track to promote, graduate, and/or be A-G compliant. Students will attend targeted academic interventions through Extended Learning, Intersession opportunities. This includes summer bridge/school, Saturday academies, boot camps, spring and winter.
 To increase promotion/graduation rates we will provide an online credit recovery program to get students on track for graduation. (Plato licenses)

ACTUAL
 Counselors and Intervention Specialist identified students needing interventions and students were able to recover 4,407 credits during the first semester with our online credit recovery program. All schools held summer bridge for their incoming 7th graders and 9th graders. Further, winter and spring intersessions were held at all of the high schools. Every middle school provided an opportunity for 8th graders to remediate to ensure they were eligible for promotion. Students also participated in field trips to local universities and museums as part of their extended learning opportunities.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of action/services to achieve the articulated goals was good, however, there were some actions and services that started late which impacted outcomes. Most of the services that started late were due to late hires such as AVID tutors, bilingual paraprofessionals, and the additional nurse. However, we were successful in implementing all of our interventions and strategies to increase promotion and graduation rate. Our Read 180 Universal Program also had a rough start but we worked with the company to address all the concerns, our teachers were able to implement, however, the late start did have an impact on our results.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The data on the Dashboard is old data, so we will have to wait for our 2016-17 data to be released to measure our success. Our current data is as follows:
 In 2016-17, 86 students in Read180/System 44 raised their Lexile points by 150 or more. This represents a 3.4% decrease from the previous year.
 In December of 2016, teachers reported that 20% of their students use technology daily, 24% weekly, 18% monthly, 17% every few months, and 21% said never. In that same month, 47% of students stated that they use computers daily, 27% weekly, 8% monthly, 8% every few months, and 11% never. In the spring of 2017, 70% of students reported using technology daily, 21% weekly, and 3% reported each for monthly, every few months, and never. For teachers, 50% reported daily use, 30% weekly, 9% monthly, 5% every few months, and 6% never.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Employees received a 6.5% increase in salary, thus many of the expenditures in the salary section increased. The difference in the technology action was due to our technology arriving after June 30th and the purchase of additional technology. The unspent monies in other areas such as AP tutorials and late hires were transferred to technology at a board meeting. Every change in expenditures was taken to the board and approved. The board received quarterly updates regarding actions/services and budget.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We have streamlined our hiring process for paraeducators and AVID tutors, resulting in improved services for our English learners and AVID students. The only changes to professional development will be the focus on transitioning to the Next Generation Science Standards and a focus on literacy across the content areas. We will also be hiring 2 Instructional Coaches that will support our teachers working with Mild/Mod and Mod/Severe students. These actions/services can be found in Goal 1.

ANNUAL MEASURABLE OUTCOMES

EXPECTED

1. Increase promotion rates for EL, FY, SED, Youth in Transition comparable to total school population.
2. Increase district-wide reclassification rates from 13.5% to 15.5%
3. Increase the number of students who have met AMAO 1 from 63.6% to 66.6% and AMAO 2 for LTELs from 55.3% to 58.3%
4. Decrease the percentage of EL, FY, SED, Youth in Transition students earning D's and F's by 25%
5. Increase the percentage of EL, FY, SED, Youth in Transition students earning a 2.5 GPA or above by 25%
6. Decrease the percentage and number of EL, FY, SED, Youth in Transition students failing ELA and math 25%
7. Increase percentage and number of students who have met performance standards in five of six categories on the Physical Fitness Test by 10%

ACTUAL

1. Promotion rates at the middle school were not aggregated for different subgroups in 2015-16. In June of 2017, the subgroup data will be reported.
2. The 2016-17 reclassification rate was 15.9%, which is an increase from 13.5% in 2015-16.
3. AMAO data will no longer be provided for the 2016-17 year due to changes in ESSA. The corresponding data on EL progress will be contained in the state's accountability Dashboard. As of May of 2017, the data in the EL indicator reflects 14-15 data. In the fall, the data will be updated.
4. For 2016-17 semester 1, 17.% of all grades were Ds and Fs. For ELs, it was 26% and 18.8% for SEDs. For semester 2 15-16, 16.7% of the grades were Ds/Fs for all students, 24.3% ELs, and 18.0 % for SEDs.
5. Data for the 2016-17 year is not currently available. At the end of the 2015-16, approximately 52.9% of all students had a GPA of 2.5 or greater; 34.5% of ELs; 49.1% of SEDs.
6. Data for the 2016-17 year is not currently available. In 2015-16, 28.0% of all math grades were Ds and Fs, 30.0% for SEDs, and 40.4% for ELs. In 2015-16 19.4% of all ELA grades were Ds and Fs, 24.0% for ELs, and 20.8% for SEDs.
7. Data for the 2016-17 year is not currently available. In 2015-16, 58.9% of students in grades 7 and 9 met 5 out of 6 standards.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the services for ELs, Foster Youth, and SED students was positive. Students earned 11,704.5 credits through our PLATO online program. This helped increase the number of students on track for graduation, A-G eligible, and graduation. The bilingual paraeducators that worked with our newcomer students did a great job of supporting them in their core academic classes and during intervention time. We need to do a better job of implementing the CTE outreach and tutorial support for our subgroups. The PE intervention was not successful, however, it was our first year at making this attempt as we believe in ensuring every student is healthy and fit.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Although we do not have all of the 2016-17 data yet, we do know that our reclassification rates increased from 13.5% to 15.9% which is promising. Given our data on grades, there is still work that needs to be done to ensure that there enough scaffolds and interventions for our students to ensure successful completion of courses.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Some of the services and actions were paid for with Title I or site supplemental funding instead of district funds such as PSAT prep classes and Foster Youth services, although no Foster Youth requested transportation support. Other differences were due to salary and health and welfare increases. The PE intervention was new this year so some sites did not implement. Not all bilingual paraeducators were hired.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will continue with all of the actions and services. This goal has been combined with Goal 1 for the 17-18 LCAP.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services to achieve the goals was positive. The itinerant teachers helped provide continuity in instruction while our teachers attended professional learning sessions. Further, teachers, support staff, and administrators engaged in meaningful, relevant, and research-based learning that increased their knowledge and skills. The area that we can improve upon is the integration of educational technology with GRR and CM.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Given our local data, the overall effectiveness of the actions/services was great:

- 94% of probationary teachers will return next year.
- 89% of teachers, not new to the profession, were trained in CM.
- 100% of teachers trained in Systematic ELD are at the emerging level.
- 100% of core content area teachers will participate in professional development.
- 60% of content area teachers will participate in at least two sessions of technology PD.

The interviews with new teachers were overall positive in terms of the support provided by the district. An area of growth is the development of our course leads to lead effective PLCs, all other outcomes were positive.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

We need to do a better job of advertising the support for attaining a BCLAD. The other differences were due to not hiring all the personnel. There was an increase in hourly professional development for teachers due to Saturday math collaborations as well as other after-school professional development. We also increased the number of classified personnel attending professional development.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

In an effort to continue to streamline recruitment and hiring, we will be implementing an online system for our human resources department. We will also be providing signing bonuses to core content area teachers and SPED teachers. A recommendation was given to support current teachers with an innovation teacher grant and we will be piloting this program for the 2017-18 school year. All of these actions/services can be found in Goal 2.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

There was some late start in the implementation of some of our services due to the number of employees we had to hire in various capacities. Once we were able to onboard everyone we were able to focus on students who have chronic absenteeism, and connect with families to either refer them to services or provide services ourselves. The WEB and LINKCREW students did an amazing job helping students transition into middle school and high school. We did not implement any of our vision and dental screenings for all incoming 7th and 9th graders because we did not hire a nurse until recently. We also need to increase our mental health services due to the number of students seeking support.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The services that we were able to implement were effective based on our data. Our ADA increased, suspensions and expulsions are declining.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The difference between budgeted expenditures and estimated actuals is due to either not hiring personnel or not hiring them at the beginning of the school year. Our mental health partners also increased their rates for the 16-17 school year.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will be adding A.L.I.C.E. training to ensure all staff is trained during the 2017-18 school year and we will be increasing our mental health services through our partnership with Monterey Behavioral Health and Harmony at Home. The last addition is a Student Support Coordinator, Counselor on Special Assignment, that will work with counselors to develop, implement, and monitor a comprehensive counseling program. These actions can be found in Goal 3.

LCAP Year

2017–18 2018–19 2019–20

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

The Salinas Union High School District collaborated with its stakeholders to develop and monitor its LCAP.

Board: The Board of Trustees was given quarterly updates and they had an opportunity to provide input. (September 24, January 24, and April 4, 2017)

District and Site Leadership: Leadership had an opportunity to provide input during Leadership Team meetings.

Parents/Community: Every site held community stakeholder meetings in January and February as follow:

El Sausal Middle School-January 24, 2017 and February 16, 2017

Harden Middle School- February 16, 2017, morning and evening

La Paz Middle School-February 8, 2017

Washington Middle School- January 19, 2017, and February 15, 2017

Alisal High School - January 24, 2017, and January 31, 2017

Everett Alvarez High School - February 13, 2017

North Salinas High School - February 2, 2017

Salinas High School - January 31, 2017

Mount Toro High School - January 25, 2017, and January 26, 2017

El Puente School -January 23, 2017

Additionally, parents were able to give input during SSC, ELAC, DELAC, and Migrant DAC meeting throughout the year. The Associate Superintendent met with a representative of the California Rural Legal Assistance, Inc. to get input related to LGBTQ youth.

LCAP Advisory Committee: This year a committee was formed that included parents, foster youth, CASA advocate, and leadership that met five times to review local and state data and gather input. (October 27, November 28, 2016, and January 19, March 9, and April 18, 2017).

SVFT and CSEA: We met on March 17, 2017, with the labor units to gather input.

The Salinas Union High School District administered an LCAP Stakeholder Survey in the Spring of 2017 to parents, students, and staff. The survey was shared with staff and students electronically through their district e-mail address. The parent survey was shared with any parent who shared their e-mail address with our district. Paper copies of the surveys were also provided at sites and the district office. All three surveys were also made available on our district website. The LCAP Stakeholder Surveys provided us with quantitative and qualitative data on our LCAP goals.

The following are some participation rate data:

- Parents: 296 (survey) 425 (Stakeholder meetings)
- Students: 487
- Staff: 348
- Total: 1556

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

These consultations provided the District with an opportunity to enhance or create the following new actions and services:

1. Increase Behavioral Health personnel at all of the school sites to address the mental health needs of all students and particularly our newcomers, LGBTQ youth, and other marginalized groups. (Goal 3, Action 3)
2. Partner with the College Board to prepare students for the SAT, beginning in 8th grade. (Goal 1, Action2)
3. The addition of Student Support Coordinator to facilitate the implementation of a district-wide comprehensive counseling program. (Goal 1, Action 5)
4. Implement 1:1 technology at all of our middle school sites. (Goal 1, Action 8)
5. Provide coaching support for administrators. (Goal 2, Action 3)
6. Provide additional A.L.I.C.E. training to all staff and partnering agencies. (Goal 3, Action 2)
7. Augment hours for counselors to work in the evenings to complete 4 or 6-year plans for parents who cannot attend meetings during the day. (Goal, Action 2)
8. Added Teachers Innovation Grant and hiring bonuses for core content area teachers to address teacher shortage. (Goal 2, Action 1)
9. Added hour to campus supervision and custodians to support after school interventions. (Goal 1, Action 3)
10. Added professional development for our health and social studies teacher to ensure we are meeting the new framework requirements. (Goal 2, Action 3)

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year 2017–18 2018–19 2019–20

Estimated Supplemental and Concentration Grant Funds: \$25,323,526

Percentage to Increase or Improve Services: 20.64%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

Although most of our actions and services are available to all of our students, there are some services where our targeted students have a priority such as:

1. Mental Health Services
2. Academic Interventions
3. Reduced counselor caseload to ensure our targeted students have 1:1 meetings with their counselors to develop 4 and 6-year plans.
4. The cost of PSAT tests in 8th, 10th, and 11th-grade students.

Further, these actions and services are specific to our targeted subgroups:

1. Supporting teachers attaining their BCLAD to support our newcomer students
2. Professional development in the areas of Systematic ELD, Constructing Meaning, Culturally relevant pedagogy, cultural competencies and strategies that help foster an LBTQ-inclusive school environment, and literacy across the content areas.
3. Coaching for site leadership to provide effective feedback to teachers that will improve teaching and learning. (Goal 2, Action 3)
4. Instructional coaches to support our teachers in our Mild/Mod and Mod/Severe programs
5. Family engagement opportunities that include weekly meetings discussing topics selected by our families and attendance at an annual conference.
6. Paraprofessional training that includes strategies to support our English Learners in the classroom.

Revised Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For questions related to specific sections of the template, please see instructions below:

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards for English Language Arts
 - b. Mathematics – Common Core State Standards for Mathematics
 - c. English Language Development
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy UC or CSU entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the CELDT;
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;

- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under Sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under Sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
