

Plato Courseware and Assessments were successfully piloted spring of 2016 at El Puente School and during the summer with the district-wide Summer School.

Plato is rigorous courseware, aligned to the University of California A-G requirements, and to the Common Core and California Standards. The online digital solution incorporates interactive, media-rich content that actively engages learners.

Plato Courseware provides over 100 courses in a wide range of core subjects, electives, world languages, honors, and Advanced Placement® offerings. In addition, there are over 100 semesters of engaging Career and Technical Education (CTE) content to prepare students for the skills they need in today's workforce.

Courses consist of integrated assessments; including exemptive pretests that allow learners to forgo content they have already mastered and focus on the concepts that need additional work.

Los Cursos y las Evaluaciones PLATO fueron puestos a prueba como un proyecto experimental y tuvieron éxito en la Escuela El Puente durante la primavera 2016 y durante el verano con la Escuela de Verano por todo el distrito.

PLATO es un sistema de cursos rigurosos y alineados a los requisitos de A-G de la Universidad de California, y a los Estándares Básicos Comunes de California. La solución digital en línea incorpora el contenido interactivo, el rico contenido de medios comunicativos que activamente hace participar a los estudiantes.

PLATO *Courseware* proporciona más de 100 cursos en una amplia variedad de materias básicas, asignaturas electivas, lenguas mundiales, honores, y cursos ofrecidos de Colocación Avanzada®. Además, hay más de 100 semestres del contenido de Educación Técnica y Profesional (CTE) para preparar a los estudiantes para las técnicas que necesitan los trabajadores de hoy.

Los cursos consisten en evaluaciones integradas; incluso pre-pruebas de exención que permiten que los estudiantes sean exentos al contenido académico que ellos ya han dominado y se enfoquen en los conceptos académicos que necesitan aprender con profundidad.

## Robust Course Offerings

Plato Courseware offers a broad range of engaging courses grounded in a tradition of solid research, sound pedagogy, and applied innovation. Our rigorous courses and content captivate students, leading to increased time-on-task, development of core and elective subject skills, and student achievement - all in a self-paced environment.
