Credit

Unless enrolled as part of a College and Career Access Pathways (CCAP) partnership agreement in which students are authorized to take up to 15 units per term in a community college, as described below, district students enrolled in a community college as special part-time students may enroll in up to 11 units per semester, or the equivalent. Such students shall receive credit for community college courses that they complete in an amount jointly determined appropriate by the district and the community college governing board. (Education Code 48800, 76001, 76004)

(cf. 6146.11 - Alternative Credits Toward Graduation)

A written agreement regarding the student's enrollment in postsecondary courses and the credits to be awarded for successful completion shall be signed by the student, parent/guardian, principal, and college representative. The student shall be informed whether the credits to be earned are considered academic credits or elective credits, whether the credits count towards high school graduation requirements, and whether the course would need to be completed again during the college years to satisfy college graduation requirements.

To receive district credit for coursework completed at a community college or four-year college, the student or parent/guardian shall submit a transcript showing completion of the course with a passing grade.

(cf. 5125 - Student Records)

College and Career Access Pathways Partnerships

The District may enter into a CCAP agreement, in accordance with Education Code 76004, which includes terms regarding course offerings, student eligibility, protocols for sharing information, joint facilities use, and staff qualifications.

A copy of the CCAP agreement shall be filed with the Office of the Chancellor of the California Community Colleges and with the California Department of Education before the start of the agreement. (Education Code 76004)

Only courses that provide career technical education or preparation for transfer, assist in improving high school graduation rates, or help high school students achieve college and career readiness shall be offered, and physical education courses shall not be provided. (Education Code 76004)
