

COURSES OF STUDY

The Board of Trustees recognizes that a well-articulated sequence of courses fosters academic growth and provides for the best possible use of instructional time. The District's course of study shall provide students with opportunities to attain the skills, knowledge, and abilities they need to be successful academically, professionally, and personally.

- (cf. 6011 - Academic Standards)
- (cf. [6141](#) - Curriculum Development and Evaluation)
- (cf. [6161.1](#) - Selection and Evaluation of Instructional Materials)

The Superintendent or designee shall establish processes for ensuring the articulation of courses across grade levels within the District. As necessary the Superintendent or designee shall work with representatives of appropriate area Districts and post-secondary institutions to ensure articulation of courses with other institutions to which District students may matriculate. The sequence of courses shall be designed to ensure that each course provides adequate preparation for the next course in the sequence, only utilizes prerequisites that are essential to success in a given program or course, avoids significant duplication of content, and allows for reinforcement and progression in the subject matter.

The district shall not provide any course separately on the basis of sex, sexual orientation, gender, ethnic group identification, race, ancestry, national origin, religion, color, or mental or physical disability or require or refuse participation by any of its students on any such basis. (5 CCR 4940)

- (cf. 0415 - Equity)
- (cf. 5145.3 - Nondiscrimination/Harassment)

Secondary Grades

The District shall offer all otherwise qualified students in grades 7-12 a course of study that prepares them, upon graduation from high school, to meet the requirements and prerequisites for admission to California public colleges and universities and to attain entry-level employment skills in business or industry. (Education Code 51228)

- (cf. 5121 - Grades/Evaluation of Student Achievement)
- (cf. 6141.5 - Advanced Placement)
- (cf. [6146.1](#) - High School Graduation Requirements)
- (cf. [6178](#) - Career Technical Education)

In addition, the course of study for students in grades 9-12 shall include instructions in skills and knowledge for adult life and career technical training and a timely opportunity for all otherwise qualified students to enroll, within four years, in each course necessary to fulfill

COURSES OF STUDY

the requirements and prerequisites for admission to California public colleges and universities prior to graduation. (Education Code [51224, 51228](#))

The Superintendent or designee shall develop a process by which courses that meet California college admission criteria (referred to as “a-g” course requirements) are submitted to the University of California for review and certification. The Superintendent or designee shall maintain an accurate list of all current high school courses that have been so certified, shall ensure that the list is provided annually to all students in grades 9-12 and their parents/guardians, and shall make updated lists readily available. (Education Code 51229, 66204).
