

SUMMER LEARNING PROGRAM

The Board of Trustees recognizes that an extended break from the instructional program may result in significant learning loss, especially among disadvantaged and low-achieving students, and desires to provide opportunities during the summer for students to practice essential skills and make academic progress.

Summer programs offered by the District shall be aligned with District goals and curriculum. When feasible, summer programs shall blend high-quality academic instruction in core curricular and/or elective subjects with recreation, nutrition programs, social/emotional development, and support services that encourage attendance, student engagement in learning, and student wellness.

Summer School

When funds are available, the Superintendent or designee, with Board approval, shall establish summer school day and/or evening classes.

- (cf. 5148.2 - Before/After School Program)
- (cf. 6171 - Title I Programs)
- (cf. 6175 - Migrant Education Program)

The District's summer school program may be used to provide supplemental instruction for students failing to meet academic requirements and/or students who desire enrichment in core academic subjects in accordance with law, Board policy, and administrative regulation. (Education Code 37252, 37252.2, 37252.8, 37253, 41505-41506; 5 CCR 11472)

SUMMER LEARNING PROGRAM

Priority to enroll in summer school programs shall be given to District students who:

1. Are eligible for supplemental instruction on the basis of retention or recommendation for retention pursuant to Education Code 37252.2
2. Are eligible for supplemental instruction on the basis of insufficient progress toward passing the state high school exit examination pursuant to Education Code 37252
3. Need course credits in order to graduate from high school before the beginning of the next school year
4. The remaining openings shall be offered to District students on a lottery basis.

Because summer courses cover extensive instructional content in a relatively short time period, students who have more than three excused absences or one unexcused absence may not receive credit for summer session class(es) unless they make-up missed work in accordance with law, Board policy, and administrative regulation.

(cf. 5113 - Absences and Excuses)

(cf. 6154 - Homework/Make-Up Work)

Sites for summer school programs may be rotated in an effort to make summer school programs more accessible to all students, regardless of residence or regular attendance area, and to accommodate the maintenance needs of District schools.

The Superintendent or designee shall annually report to the Board on summer school enrollment in the current year and previous year for the program as a whole and disaggregated by grade level, school that the students attend during the regular school year, and student population such as students from low-income families, students with disabilities, and English learners. In addition, he/she shall report on the extent to which students successfully achieved the academic outcomes established for the program.

Additional Summer Learning Opportunities

The Superintendent or designee may collaborate with parents/guardians, city and county agencies, community organizations, child care providers, and/or other interested persons to develop, implement, and build awareness of organized activities that support summer learning.
