

HARMONY AT HOME

Ending violence. Building families.

STICKS AND STONES®

A trauma-focused and school-based counseling program that is designed to help children and youth to be able to identify and express their feelings in healthy ways.

Harmony At Home is pleased to announce that we have received a new COVID relief funding that has allowed us to expand our Sticks and Stones® services through December 31, 2021 to continue supporting students while they are in High School.

If you would like more information, please contact Lorena Rodriguez, Sticks and Stones Program Manager, at lorena@harmony-at-home.org.
